

## What teachers say

“The children were really engaged – they loved every part of the workshop. They created amazing posters and got the opportunity to use the knowledge they built up in class.”

*Year 3 teacher, Moreland Primary School  
(on our School Workshops)*

“It’s fun and inspiring and you leave with plenty of ideas that you want to action straight away. It’s in no way intimidating – you won’t feel judged on your own artistic ability.”

*Assistant Head Teacher, Essex  
(on our INSET sessions)*

“The session was broken into sensible and manageable chunks, achieving the end result in half a day. There were clear instructions and students learnt fantastic new skills.”

*Year 5 teacher, St Andrews Primary School  
(on our School Workshops)*

“As someone who is not confident in art, the course brought lots of enjoyment and was focused on the creative process, not the end product.”

*Teacher, Islington  
(on our INSET sessions)*

## About House of Illustration

House of Illustration is the UK’s centre for illustration, a varied art form that can be used to tell stories, explain processes and share opinions.

We believe that everyone can be an illustrator. We use illustration as a tool to support children and young people to learn curriculum subjects, raise confidence, improve wellbeing, develop art and design skills and express creativity.

## INSET

House of Illustration's INSET sessions have been developed with primary school teachers over eleven years. Teachers leave brimming with new ideas of how to use illustration across the curriculum.

- Incorporate illustration across the curriculum, including literacy and science
- Improve teachers' confidence to model and teach art techniques
- Learn practical, accessible and effective techniques
- No previous experience in creative subjects needed
- Tailored to individual schools' improvement plan goals

### INSET options

- ➔ Illustration for literacy and English
- ➔ Illustration across the curriculum
- ➔ Illustration for wellbeing

Please get in touch if you have another INSET idea and we will adapt our offer to support your needs.

## Workshop options

### ➔ Character Design

Create characters from text descriptions – just let us know the book you're studying. Or invent exciting brand new characters from imagination.

*(English/Literacy, Humanities)*

### ➔ Sequential Illustration

Depict life cycles, scientific processes or a series of events. Create and tell a visual story or create a visual version of an existing text.

*(Science, Humanities, English/Literacy)*

### ➔ Creating Mood and Atmosphere

Explore techniques to convey the feeling and setting from a specific text.

*(English/Literacy, Humanities)*
